- Your debt is increasing even after making minimum payments
- You are facing foreclosure You are facing vehicle repossession
- You have creditors who are threatening legal action
- You are facing wage garnishments

CHAPTER 7: Chapter 7 bankruptcy allows an individual to liquidate overwhelming debt, essentially **HITTING A RESTART BUTTON** on their financial life. Chapter 7 bankruptcy is typically a quick procedure that can eliminate most, if not all, an individual's debt. This option allows the filer to achieve a second chance within a matter of months.

NUMEROUS FORMS OF DEBT CAN BE DISCHARGED UNDER CHAPTER 7, INCLUDING:

- Credit card debt Medical bills Collection agency accounts
- Business debts Personal loans from friends, employers, and family members
- Auto accident claims unless the claim involved drunk driving
- Social Security overpayments

This is an excellent option for those with steady incomes who need time to catch up with what they owe. If you do not qualify for Chapter 7 bankruptcy after failing the means test, there is a good chance you will still qualify for Chapter 13 bankruptcy. Chapter 13 bankruptcy allows you to eliminate some debts while restructuring the payments of others. With manageable payments set up over a lengthier period of time, you'll be able to pay what you owe while keeping your assets and slowly rebuilding your financial health.
